Raymond,

Can you get me the lists for JLI and SCoR (and do we have one for TES as well?) ?

Roger

With Mike having just said that he thinks there is a likelihood of FDA regulation in the beginning of next year, with implementation in 2004, we have a clear mandate in my mind of the need to get our publications out.

Roger,

Please bring the current version of the required publications list to the next staff meeting, and share it with the staff before the meeting. We should discuss the completeness of the required list, the delivery dates, and the responsible individuals (lead authors). We will also be discussing approaches to optimize the writing process one more time, having gotten some thoughts from the SAB.
